

BRINGING JOY, CONNECTION & WELLBEING TO CARE THROUGH WIRELESS TECHNOLOGY

Our silent disco technology enriches care home residents' daily lives through immersive sound experiences. From sing-alongs to gentle movement, it promotes emotional well-being, cognitive stimulation, and social connection, boosting confidence and bringing smiles to residents and staff.

“RESEARCH SHOWS MUSIC CAN SIGNIFICANTLY IMPROVE MOOD, MEMORY RECALL & MOBILITY IN DEMENTIA PATIENTS”
ALZHEIMER'S SOCIETY

WHY CHOOSE BOOM TECHNOLOGY FOR YOUR CARE HOME EVENTS?

Designed for comfort, clarity, and easy to use functionality, our market-leading headphones bring immersive and engaging experiences to life for every resident.

- ✦ **Clear, Balanced Sound:** Supports memory, focus, and enjoyment — ideal for residents with hearing sensitivities.
- ✦ **Three Audio Channels:** Sing-alongs, stories, or soothing sounds — all at the flick of a switch.
- ✦ **All-Day Battery:** 9+ hours of playtime to suit your schedule.
- ✦ **Simple Controls & LED Lights:** Easy-to-use buttons and colour-coded channels for quick switching.
- ✦ **Comfortable Fit:** Lightweight and soft-cushioned for maximum comfort.

- ✦ **Long Wireless Range:** Reliable signal across large rooms and group settings.
- ✦ **Sensory-Friendly Design:** Low-pressure ear cushions, gentle volume levels, and optional calming content for those with dementia or sensory sensitivities.

TRUSTED BY OVER 270,000 GUESTS ACROSS OUR NATIONAL EVENTS. NOW BRINGING JOY TO CARE HOMES ACROSS THE UK.
